

Fynn ADL Filtering by Category

Version 1.6.0 Release

January 26, 2023

Filter ADLs by ADL Category

On the ADL screen, you can now filter ADLs by category!

In addition to the existing filters of location and time, you can now select any of the ADL categories to filter the schedule view by ADL category.

1. On the ADL schedule, select the category: Contenance, Dietary, Health Checks, Housekeeping, Hygiene, Physical, or Transport & Transfer.
2. Only ADLs from that category will appear. When the filter is applied, the circle around the number of scheduled ADLs from that category will appear green. Green indicates that the schedule is only displaying ADLs from that category at this time.

The screenshot displays the 'Scheduled ADLs' interface for Monday, January 23, 2023. On the left sidebar, the 'ADL' menu item is highlighted with a red box. The main content area features a horizontal bar with category filters: 'TOTAL ADLs 29', 'Contenance 18', 'Dietary 11', 'Health Checks 8', 'Housekeeping 1', 'Hygiene 2', 'Physical', and 'Transport & Transfer'. The 'Hygiene' filter is highlighted with a red box and a green circle around the number '2'. Below this bar, two ADL cards are visible: one for 'Hermione Granger' at 7:00 AM with a 'Daily Shower' button, and another for 'Guy Bocchino' at 9:00 AM with a 'Daily Shower' button.

3. To remove the filter and view the full list of Scheduled ADLs, select the category again. The circle around the number will turn back to blue.

ADL Category Filter Tip: Select the Hygiene category to view all Residents who have a scheduled Daily Shower ADL.
